

# TECHNOLOGY NIRVANA FOR HEALTHCARE

STL Communications provides the core Avaya and Motorola technology that keeps a hospital running. These reliable voice, data and wireless networks connect both staff and patients to each other and the mission critical applications they use every day.

## Powered by our reliable infrastructure of Voice, Data, Video and Wireless...

STL provides healthcare solutions in five segments leading you to Technology Nirvana!

**Mobility:** Handheld Devices, Software and smartphone apps for Doctors, Nurses and Administration

**Messaging:** Secure, HIPPA compliant messaging to hospital devices and BYOD

**Patient Contact:** Appointment Reminder, Prescription Refill and Payment Recovery solutions

**Collaboration:** Video and Audio Solutions

**Workflow:** On Call, RTLS, patient queuing and proximity solutions
