AT&T 12:34 PM
Message Details
(847) 767-3575 - Outside Caller
3/19/2017 8:25am - Length 0:14
"Hi there. This is Bob's Auto Parts. Just calling to let you know your car is ready to be picked up anytime after 5pm today. Thank you. Goodbye."

EASY TO IMPLEMENT ● EASY TO USE ● EASY TO RESPOND

Email is fine for routine business communication, but we still turn to the phone for important matters. Did you know that **80% of all business calls go to voicemail**? If you're not available when that important call comes in, it may sit for far too long before you even know it is there.

ADD TO ANY TOTAL VOICE SOLUTION FOR ONLY $3.95 PER USER!

With STL's enhanced messaging solution, text and email channels are integrated seamlessly with Total Voice and your important messages no longer sit in voicemail jail waiting for you to log in and listen. Messages are converted to text and "pushed" directly to you for faster response, allowing messages to be discretely read on smartphones, tablets and computers.

Our voicemail transcription works with all your existing systems so it's easy on your budget, easy to implement and helps enhance your responsiveness.
