

Dear Scholarship Donor,

My name is Paige Marie Mundy and I am the grateful recipient of the STL Communications Technology Scholarship. I am first and foremost, very grateful for your donation to the education of so many people including my own. It makes a huge difference and gives confidence to those receiving it to continue to work hard and pursue our goals.

My goal is to contribute to the outdoor community that I love very much through graphic design and web development. I am an avid rock climber and continue to develop my love for the outdoors and the people that share the passion. I hope to use my skills with technology and design to work with outdoor retailers, businesses, and web communities to help improve the lives, products, and preservation of the outdoors.

Again, I want to say thank you for donating and giving me the opportunity to chase my goals, climb the mountains (figuratively and literally), and reach the summits that are my goals. Your donations to the education of others is a donation to the future.

Thank You,

Paige M. Mundy

A handwritten signature in black ink that reads "Paige Mundy". The signature is written in a cursive, flowing style with a long horizontal flourish at the end.
